

Reception Topics 2017-2018

In Reception we try to respond to the children's interests when building our curriculum map. We talk to the children about possible topics and find out what they would like to learn about. Some of the topics change over the year depending on the children's interests and needs. We use the Early Years Foundation stage curriculum, development matters statements and later we use the early learning goals for our objectives. Please use the link below to the Early Years Foundation Stage curriculum to find out more.

Development Matters - <http://www.foundationyears.org.uk/files/2012/03/Development-Matters-FINAL-PRINT-AMENDED.pdf>
